2.21.2 Any effort by the tenderer to influence KEPHIS in the entity's tender evaluation, tender comparison or contract award decisions may result in the rejection of the tenderer's tender.

## **2.22 Preliminary Examination**

2.22.1 KEPHIS will examine the tenders to determine whether they are complete, whether any computational errors have been made, whether required sureties have been furnished, whether the documents have been properly signed, and whether the tenders are generally in order.

2.22.2 KEPHIS may waive any minor informality or non-conformity or irregularity in a tender which does not constitute a material deviation, provided such waiver does not prejudice or affect the relative ranking of any tenderer.

2.22.3 Prior to the detailed evaluation, pursuant to paragraph 2.23 KEPHIS will determine the substantial responsiveness of each tender to the tender documents. For purposes of these paragraphs, a substantially responsive tender is one, which conforms to all the terms and conditions of the tender documents without material deviations. KEPHIS determination of a tender's responsiveness is to be based on the contents of the tender itself without recourse to extrinsic evidence.

### **2.25 Contacting the Procuring entity**

2.25.1 Subject to paragraph 2.21 no tenderer shall contact KEPHIS on any matter related to its tender, from the time of the tender opening to the time the contract is awarded.

2.25.2 Any effort by a tenderer to influence KEPHIS in its decisions on tender, evaluation, tender comparison, or contract award may result in the rejection of the Tenderer's tender.

## **Award of Contract**

### **(a) Post-qualification**

2.25.3 In the absence of pre-qualification, KEPHIS will determine to its satisfaction whether the tenderer that is selected as having submitted the lowest evaluated responsive tender is qualified to perform the contract satisfactorily.

2.25.4 The determination will take into account the tenderer financial, technical, and production capabilities. It will be based upon an examination of the documentary evidence of the tenderers qualifications submitted by the tenderer, pursuant to paragraph 2.12.3 as well as such other information as the Procuring entity deems necessary and appropriate.

2.25.5 An affirmative determination will be a prerequisite for award of the contract to the tenderer. A negative determination will result in rejection of the Tenderer's tender, in which event KEPHIS will proceed to the next lowest evaluated tender to make a similar determination of that Tenderer's capabilities to perform satisfactorily.

### **(b) Award Criteria**

2.25.6 KEPHIS will award the contract to the successful tenderer(s) whose tender has been determined to be substantially responsive and has been determined to be the lowest evaluated tender, provided further that the tenderer is determined to be qualified to perform the contract satisfactorily.

### **(b) Procuring entity's Right to Vary quantities**

2.25.7 KEPHIS reserves the right at the time of contract award to increase or decrease the quantity of goods originally specified in the Schedule of requirements without any change in unit price or other terms and conditions

(d) **Procuring entity's Right to accept or Reject any or All Tenders**

2.25.8 KEPHIS reserves the right to accept or reject any tender, and to annul the tendering process and reject all tenders at any time prior to contract award, without thereby incurring any liability to the affected tenderer or tenderers or any obligation to inform the affected tenderer or tenderers of the grounds for the Procuring entity's action

**2.26 Notification of Award**

2.26.1 Prior to the expiration of the period of tender validity, KEPHIS will notify the successful tenderer in writing that its tender has been accepted.

2.26.2 The notification of award will constitute the formation of the Contract but will have to wait until the contract is finally signed by both parties

2.26.3 Upon the successful Tenderer's furnishing of the performance security pursuant to paragraph 2.28, KEPHIS will promptly notify each unsuccessful Tenderer and will discharge its tender security, pursuant to paragraph 2.14

**2.27 Signing of Contract**

2.27.1 At the same time as KEPHIS notifies the successful tenderer that its tender has been accepted, KEPHIS will send the tenderer the Contract Form provided in the tender documents, incorporating all agreements between the parties.

2.27.2 The parties to the contract shall have it signed within 30 days from the date of notification of contract award unless there is an administrative review request.

2.27.3 Within thirty (30) days of receipt of the Contract Form, the successful tenderer shall sign and date the contract and return it to the Procuring entity.

**2.28 Performance Security**

2.28.1 Within Thirty (30) days of the receipt of notification of award from KEPHIS, the successful tenderer shall furnish the performance

security in accordance with the Conditions of Contract, in the Performance Security Form provided in the tender documents, or in another form acceptable to the Procuring entity.

2.28.2 Failure of the successful tenderer to comply with the requirements of paragraph 2.27 or paragraph 2.28 shall constitute sufficient grounds for the annulment of the award and forfeiture of the tender security, in which event KEPHIS may make the award to the next lowest evaluated Candidate or call for new tenders.

## **2.29 Corrupt or Fraudulent Practices**

2.29.1 KEPHIS requires that tenderers observe the highest standard of ethics during the procurement process and execution of contracts when used in the present regulations, the following terms are defined as follows;

(i) “corrupt practice” means the offering, giving, receiving, or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution; and

(ii) “fraudulent practice” means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the Procuring entity, and includes collusive practice among tenderer (prior to or after tender submission) designed to establish tender prices at artificial non-competitive levels and to deprive KEPHIS of the benefits of free and open competition;

2.29.2 KEPHIS will reject a proposal for award if it determines that the tenderer recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question.

2.29.3 Further a tenderer who is found to have indulged in corrupt or fraudulent practices risks being debarred from participating in public procurement in Kenya.
